The details:

Join us for an introduction to Meraki and their cloud managed products, including wireless access points, security appliances, switches, EMM, and communications. You'll learn how cloud networking offers greater reliability, easier management, and a lower TCO - and they'll show you a live demo of the exciting features in the Meraki dashboard.

The agenda will include:

- Brief Introduction of our presenter, Ryan Baudoin
- Introduction to Meraki
- How the landscape has changed to cloud
- Adoption curve
- Meraki growth over last 5 years
- Value of Meraki clients over 24 months
- Dashboard overview
- Raffle off 10 Meraki Access Points (APs)
- Closing Q&A

...and this will be our presenter:

Ryan Baudoin is originally from Lafayette, LA where he studied Business Management at the University of Louisiana and went to work in the technology space at AT&T. In 2012 he moved to San Francisco to lead a Customer Success team for a SaaS platform that Intuit was developing. Ryan joined Cisco Meraki in November of 2016 and has grown Cisco's Cloud Networking Business Unit in the Greater Boston area more than 50% YoY. In his spare time, Ryan enjoys playing golf and traveling to new destinations across the globe. Ryan has visited 13 different countries and lived in Rome, Italy where he made his living selling tours to the Coliseum. Ryan is an enthusiastic and confident individual whose friendly demeanor is infectious to all those around him.
